

THE INKWELL

Volume XI

ARMSTRONG JUNIOR COLLEGE, SAVANNAH, GA., OCTOBER 26, 1945

Number 1

A. J. C. Has Four New Faculty Members

Campbell, Doyle, Miller and Solomons join Faculty

With the coming of the fall quarter there have been several additions to the Armstrong faculty. The new members of the faculty are Miss Eleanor Joyce Doyle, instructor in Spanish and Latin American history, Mrs. Alberta Salmons, instructor in typewriting and shorthand, Mr. H. B. Hiller, professor of Chemistry, and Sgt. C. E. Campbell, professor of English.

A native of Savannah, Miss Doyle received her B.S. degree in biology from Immaculata College in Pennsylvania and her M.A. degree in Spanish from the Catholic University of America in Washington, D. C. This summer she attended Middlebury College Spanish School in Vermont.

In 1942, Miss Doyle was awarded a fellowship from the Institute of International Education in New York to study at the Catholic University of Chile in South America. While studying there, she also taught English.

Before coming to Armstrong, Miss Doyle taught Spanish at Chatham Junior High School.

She is a charter member of the Alumni Inter-American Club of Immaculata College.

Mrs. Salmons received her certificate in vocational training from the University of Florida in Gainesville, Florida.

Mrs. Salmons taught at various vocational schools and military posts in Florida and also traveled for the Florida State Department of Education. She has recently been supervising principal of the Savannah Vocational School.

Sgt. Campbell

That big hunk of male strolling around old A. J. C. with 3 stripes on his shirt sleeve is Sgt. Charles Edward Campbell, Jr., an English instructor. The "Sarg" hails from Beverly, Mass. After graduating from Bowdin College in Brunswick, Maine, he went to Harvard for a year where he did post-graduate work. Before entering the service, he taught in high school, in a private boarding school, and also worked on a newspaper. "Yours Truly" was informed that he had done some free lance writing of which, says the "Sarg," "I never got rich from it." He has designed three newspapers, he is also very much concerned in Glee Clubs, having participated in them in college and in the Army . . . (Personal: Sgt. C., we wish to extend to you a very warm welcome to join the Inkwell since you do have such an interest in school periodicals!)

DR. MILLER

The professor that some students say reminds them of Eddie Bracken is Dr. Harry B. Miller. Upon receiving his B.S. degree from the University of North Carolina in Chemical Engineering, he went to work for Standard Oil Company of N. Y. in North Carolina. Shortly before the war, he was affiliated with the Naval Re-

New Additions to A. J. C.

First A.J.C. Dance October 26th

All Military Personnel Invited

On October 26th from 9 'til 1 the first A. J. C. dance of the season will be held in the auditorium. It will be semi-formal and Mr. Jacobson's orchestra will supply the music for the gala occasion. An open invitation has been sent to all military personnel in and around Savannah.

This dance is being sponsored by the Dance Committees and they have worked hard to make this first formal a great success.

A schedule for the quarter has been set and there will be informal dances sponsored by organizations in the school on:

November 9, sponsored by Alpha Tau.

November 21, sponsored by the Radio Club.

December 7th, sponsored by the Inkwell.

The dance committee will sponsor the big Homecoming Dance on December 21.

For the benefit of the freshmen who will be coming to an A. J. C. dance for the first time, here is A. J. C. procedure. All students of A. J. C. are invited (if they have their ticket) and you may come stag or drag. Hostesses are present to present the students to our guests and help everyone have a good time.

All freshmen are urged to come —(the sophomores will be there anyway, have no fear)—and join in A. J. C.'s big happy family gathering.

reach Laboratories where, at the same time, he worked toward his doctor's degree. This degree was completed this past summer . . . Dr. Miller is now considering a research program in cooperation with the Herdy Laboratory—He is a member of the Alpha Chi Sigma (a Chemistry fraternity), Sigma Xi, and Tau Beta Pi . . . Attention those of you who hang around the playroom! If you ever need another bridge player, Dr. Miller might come to your rescue! Aside from bridge, he is also fond of golf and rifle shooting . . . All 'n all, these things should prove that the "doc" is really nice—twice—and all right!

Sophomores Elect Chapman to Lead

The annual election of officers by the Armstrong Sophomore Class took place on October 1, 1945, with the following results: President, Marjorie Chapman; Vice-President, Janet Spillane; Secretary, Mary Crawford; Treasurer, Elizabeth Denny.

Marjorie has the distinction of holding an office of presidency in both her two years of junior college. She was the Freshman Class President last year. Nor are her capacities limited to the scope of student government, for was a member of the Armstrong basketball team of 1944-1945 and she also has the honor of being on the Permanent Dean's List. This quarter, Marjorie, or "Margie" as she is better known, is in the Radio Club, the Student Forum, and also the Alpha Lambda Sigma.

The newly elected Vice-President, Janet Spillane, has been a member of the Armstrong Riding Club, Music Club, and the Student Forum. She was recently elected Vice-President of the Delta

Chi Sorority at Armstrong. Janet's interest in the Inkwell has been proved by her diligent work on the Business Staff during the season 1944-1945. This quarter she has promised to help on the Typing Committee for the Paper.

Being a secretary is not a new job for Mary Crawford. She held the office of Secretary in both her Senior Class at Savannah High and the Freshman Class at Armstrong 1944-1945. The Home Economics Club has had her as Vice-President for one year and has more recently elected her to the office of Presidency. Mary is also a member of the Inkwell Staff.

Elizabeth Denny, the Sophomore Class Treasurer, has been outstanding in Armstrong athletics through her participation in the bowling activities of the school. She received a letter last year for her bowling and has led in activities for forming a Bowling Team this year. Elizabeth is also on the Inkwell Staff and is a member of the Radio Club and the Dance Committee.

ARMSTRONG IS ON THE AIR

Armstrong made its first broadcast Friday, Oct. 19, 1945. This broadcast was in the form of an open forum discussing Armstrong. The participants in the order of their appearance were Miss Hinley, Donald Austin, Cecil Harris, Barbara Gay, and Leolene Guadry.

Miss Hinley opened the program with a brief paragraph followed by Cecil Harris, Cecil talked about the buildings and endowments of Armstrong.

A brief summary of Cecil's speech:

Savannah and encircled communities had felt the need of a college for a number of years due to the fact that a number of students found it inexpedient to continue their education at out-of-town colleges. The late Mayor Thomas Gamble visualized this situation and called a meeting of the leading citizens of Savannah. After endless hours of work and worry their dreams became reality when City Council authorized the establishment of a Junior College.

Two leading citizens, Mrs. Lucy Moltz and her daughter Mrs. Lucy

Johnson realized also the desperate need of an institution of higher learning for Savannah and surrounding communities. With this in mind they so generously presented their beautiful home to the city for the purpose of a college in memory of their husband and father respectively, the late George F. Armstrong. This Armstrong building of Italian Renaissance Architecture is one of the most beautiful and most expensive in the south. The classroom and auditorium building was erected by the federal government and the city at cost of \$70,000.

A brief summary of Barbara's speech:

Armstrong is an accredited college. The faculty at Armstrong is very efficient and represents almost every section of the United States.

Cadet Nurses training at Warren Candler Hospital are required to take a nine months course at Armstrong.

Leolene gave a summary of the activities and the requirements for the silver A.

The program was brought to a close by Donal with a very appropriate speech.

Mrs. Fay Awarded Degree

Armstrong Faculty Member Completes Work at University of Ill.

Martha Bozeman Fay, now instructor of biology at the Armstrong Junior College was recently awarded a Ph.D. at the University of Ill. in the field of Zoology. This degree was awarded after the completion of eight years of collegiate work, and the acceptance of her Doctoral Thesis in Physiological Genetics.

Her thesis was based on an invitation into the inheritance factors involved in the development of eye size in the fruit fly, *Drosophila*.

Dr. Fay concluded that the size of the eye is determined even when it consists of a few primordial eye cells, probably by the action of growth rate factors found in the chromosomes.

The thesis was entitled "Transplantation of Imaginal Discs In The Bar Series of *Drosophila Melanogaster*."

Armstrong Junior College Forum

This year the Armstrong Junior College Forum will present a series of eight programs. Season tickets will be sold to the general public at four dollars and twenty-seven cents (\$4.27), tax included, and sold to the students at fifty cents (50 cents) a ticket. The Student Forum will assist in the presentation of these programs and the sale of the tickets.

The following is the list of men who will appear as speakers throughout the year.

Dec. 3rd—Doctor Carl Friedrich, Professor of Government at Harvard University. His topic will be "The Future of Europe."

January 16th—Doctor Samuel Guy Inman, noted radio commentator, author and authority on Latin America. Doctor Inman will discuss "The Place of Latin America in the World."

February 26th—Bishop G. Bromley Oxnam, President of the Federal Council of Churches, chairman of the Commission which made a survey this summer of Germany, Europe, and the Middle East. Bishop Oxnam is a bishop of the Methodist Church and his topic will be "Religion and World Peace."

March — Doctor Henry Pratt Fairchild, Professor of Sociology at New York University and President of the Russian-American Institute. His topic will be "The Course of Russian Affairs."

April 23rd — Beardsley Ruml, Treasurer of R. H. Macy and Company, author of Pay-as-You-Go Tax Plan, formerly head of the division of Social Sciences at the University of Chicago. Mr. Ruml will discuss "The Meaning of Freedom."

There will be one program devoted to future problems of the state of Georgia.

The faculty and student body wish to express their deepest sympathy to Mrs. Olsen.

STUDENT FORUM

Editor of Inkwell:

For the past four weeks I have heard some talk of the newly organized Revolutionist Party. After inquiring about the platform of the party, I found they had no definite motives in mind except a few radical and astounding changes they expected to make in the college.

One of the changes is to take power away from the sophomores and add said power to the freshmen. I am of the opinion that the sophomores should run the college instead of the freshmen.

The sophomores have had more experience in the leadership of a college. Another thing is that we have the long precident for a sophomore over a freshman.

I would also like to point out that the leaders of the revolutionists party has selfish motives. Three of the party members have it all planned out. One is to be president of the freshman, one isto be vice president and the other is to be freshman king. Probably before long jealousy will cause the party to dissolve.

Of course no one could take this revolutionist party seriously, but if the freshman would spend as much time and energy co-operating with the sophomores as they are in going against them, we can make huge bounds toward success, together.

A Freshman.

TO THE STUDENTS

The "Inkwell" is your paper, at least the staff tries to make it your paper. We want each and every one of Armstrongs' students to read and enjoy it. What interests a student most in his school paper? This is a question which faces any school paper. The answer is simple. He and his friends are the news in that paper, news of his activities and achievements.

One of the favorite columns of the paper is the gossip column and groans can be heard for miles around when there isn't much of it. But the staff can't be everywhere at once, so the ultimate conclusion to the problem is for the students to participate.

Another thing, there are a number of students with suggestions, criticisms, questions, etc. going around school just mumbling to themselves. That won't help at all. If you're such a student drop a line to the Student Forum in the form of a letter to the Editor. We'll print your suggestions, criticisms and answer your questions. The school welcomes constructive criticism and suggestions (and don't think they don't). This way you can bring them to the attention of the faculty. We all want to have a good school and there's only one way to get it, and that's by cooperation between students and faculty.

To put the whole thing in a nut shell, the staff wants the students to be a part of the paper and the faculty, a part of the school. What are you, the students, going to do about it? Let's really see some interest in the school and its paper. There's a mail box in the office for the "Inkwell" and the staff hopes to see it jammed full of suggestions, gossip, etc. We aren't kidding either, we'll print it. So join in, all of you, and be a part of it all.

The Inkwell Staff.

Elizabeth Denny—A friendly smile and the kind of disposition it takes to extract the pennies from you sophomores head the list of qualifications of our treasurer. Elizabeth is quite the bowler and won her letter last year. She takes an active part in the radio club, is a member of the dance committee and on the Inkwell staff. On the lighter side of things she just l-o-v-e-s to dance and is quite the accomplished pianist. You girls can keep a sharp eye on Liz for novel fashion ideas, 'cause she's quite the hand at designing.

In the line of finance, she does as well as in her other fields of activity and all she needs is the material to design a budget to sew up this year as a well finished job.

Marjorie Chapman—She is the type that might be tagged with the title of "best all-round." With personality plus, a nac for leadership and even an inclination for scholarly interests and a good many other mentionable attributes. She's well qualified as president of the sophomore class. We might add that the vital statistics are just as notable.

Marjorie's varied interests include sports, especially basketball, danciny (just ask the boys) and on the intellectual side, she likes to putter 'round in a chemistry lab. To mention a few more specific interests, she isa member of the radio club, the student forum and Alpha Lambda Sigma.

Her past record as president of the freshman class is adequate proof of what we can expect this year. What is actually accomplished, though, is what each one does toward making this the best year ever. We have the leader, but we need the full participation and cooperation of the student body to make the possibility a reality.

Janet Spillane—I don't think anyone need be told just who the Vice-President of the Sophomore class is, for everyone has noticed that friendly smile with the dimpled chin, and those eyes that you can "bog down in." Yep, I mean Janet Spillane.

Janet's silver "A" and Delta Chi pin are two of her proud possessions.

Janet won her silver "A" mainly on her scholastic record, for she made the Dean's List every quarter, and permanent Dean's List for the year. Just a brain child I would say. She is Vice-President of the Sophomore class, and it seems that the Vice Presidency becomes her, for she is also Vice President of Delta Chi.

"Do you know any news"—Sorry, Janet, fresh out. I do know that Janet is one of the most cooperative students around Armstrong. And, by the way, she is an excellent "shark-skiner." Biology is her favorite subject—that is the only one—Janet would say. No, seriously, I think Janet likes Math the best.

The Music Club, Student Forum, and Dance Committee are fortunate to have her membership.

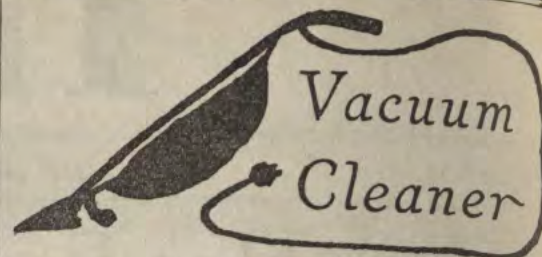

Mary Crawford—Here's to one of our most popular sophomores—Mary Crawford. She is about five feet-five, and has blonde hair and blue eyes and a friendly personality. Mary is also capable when it comes to shouldering responsibility. She takes an active interest in many school activities and was secretary of the Freshman class and Vice-president of the Alpha Lambda Club last year. She also worked on the Homecoming and Open House committees.

This year Mary is secretary of the Sophomore class and President of Alpha Lambda. Under her leadership, the club should make this year one of its most outstanding.

GOOD OLD DAYS

—Sue Cox

Who is so very determined to be president of the Freshman class? Vote for Honest John. But is he honest? How about taking the blossom that used to belong to a former B. C. man?

Did you enjoy Jack's leave betty? Must have causethere's still that look in your eye.

We hear that Jane and Liz are having a little conflict!

Marion, what has B. C. got that Armstrong needs? Could it be Jack?

We freshman girls just didn't have a chance with Sgt. Sturges. A certain sophomore seems to have taken over.

We see that Nancy seems to be enjoying Danny's company.

Did Sally make that date with Julian? We wonder!

Why is "Our boy Charlie" so well liked especially in chemistry?

"Could you tell me if Ralph H. is in Study Hall" enquote . . . Does this sound familiar, Lynn?

You would think some of the freshmen girls had never seen a MAN, the way they act about Sgt.: C. It has quite disgusted the sophomore girls—Although some sophomore girls are guilty!

George, we are disappointed in you. The romance last year was ALL RIGHT!

"Johnnie" certainly has Edith confused—if you don't believe it—ask her.

Speaking of "Johnnie"—nice to have him home so often isn't it Ruth?

Did Fred meet Everett, Delores? Well, then that is REAL NICE.

"The latest"—It isn't every day a girl has an important call from ENGLAND, but Pattie F. did. Do we hear the Ding! Dong! Ding! Dong!

Mary, didn't they teach you to wear shoes "in them thar mountains?"

Gosh! did you hear that fight in the Inkwell meeting? Well, Cecile, how does it feel to be the winner?

Don't Forget

Your
Dance Ticket!

SPORTS

Armstrong is once again having boys' sports. The P. E. classes have formed basketball teams and are holding a league between the two groups. There is a movement on to have a bowling team and a football team.

As everyone knows, boys' sports have been out due to the war, but with the return of the veterans and the possibility of more freshmen now that the draft has loosened a bit, A. J. C. should come into its own again in the field of sports for men, and we sincerely hope that it will soon.

BOYS BASKETBALL GAME

The two classes of Physical Education have formed a basketball league. The first game of the season was played on October 12 at the "Y" and the Socialists upset the Revolutionists 33 to 28. Both teams played good ball but the Socialists had a little height on the Revolutionists.

BALLET

Boys, are you wondering why there are so many girls on the campus in shorts and ballet shoes? Well, on Tuesday and Friday of each week the school is offering a

ballet class as a part of the physical education program. The class is under the leadership of Ebba Oleson, Thompson, who is one of the outstanding dancing teachers in Savannah.

Mrs. Thompson was born in Denmark but has lived in the United States most of her life. She has taken ballet since she was a child and two of her teachers were Fokine, a Russian, and Celli. Fokine and Celli were two of the most famous ballet dancers in their time.

Ebba has been teaching ballet in Savannah for twelve years.

Mrs. Thompson refuses to make a statement on our grace and dancing as she says that it is too early to tell. She did say that we work very hard and she has hopes for us in the future.

In reply to the question as to why one should take ballet, Ebba said it is not only for the physical benefits, but for a better understanding of the art itself.

On the whole, everybody enjoys working in ballet class even though some of us may look as Red Skelton did in "Bathing Beauty."

BOWLING TEAM

The bowling team for this year has just been organized and the members hope to get up a league with St. Vincent's, Savannah High, and Pape. This league will continue until June. The members of the team are: Elizabeth Denny, Henrietta Kicklighter, Betty Burnside, Irene Branch, and Helen Ford.

BASKETBALL TEAM

The basketball team will participate in a league with Pape, St. Vincent's, and Savannah High. The group taking basketball for physical education will be divided into an "A" team and a "B" team. This year the team hopes to visit nearby cities and play some of the other junior colleges.

All those interested in ping-pong, shuffle-board, and the like, will be very much interested in the new sports center which has just been opened. It is located at 35 Barnard St., second floor, and is open from 1 to 12 every day. Mr. Larry Green, the owner, has set up a very nice place there for people who like to play these indoor sports. In addition to the ping-pong and shuffle-board equipment there are archery, dart range, and practice golf nets. Mr. Green would like to have a handicap later on for A. J. C. students and will offer prizes. He urges all to come up and enjoy themselves.

Taxes could be worse.

Cues

Cool cotton dresses have been quite popular during the summer months, but fall is coming on and everyone is dashing here and there trying to get this and that for their winter wardrobes.

For school, you will still see the big sloppy-joe sweaters with pleated or plain skirts, also a little yellow cap seems to be quite popular among the Freshmen. A plain skirt and a jacket with a plaid front seem to be quite the thing, although they are not yet in full swing.

Black satin has been chosen to fill out the "what to wear" problem of the college sets of today. It appears that the younger sets are going in for black and dark colors to look sophisticated and the older ones are picking bright colors to become young once again. You can find black satin almost anywhere, luncheons, teas, churches, movies, or Remler's. It can be purchased or made in the form of dresses, suits, or trimmings for both. To add a luster to the suit or dress you can pick a satin hat to go with it. They are gaining in popularity rapidly and are in various styles, on the face and off.

The peplum has been a good stand-by for a good many months and seems to have a bright future still ahead.

Now's the time to rise and shipe with the Thanksgiving season near at hand.

Now that the war is over, and luxuries are prevalent again, formals are among them. They are in large display in the windows of

ALMA MATER

Alma Mater, through the ages
Singing thy undying fame
Will thy sons and daughters
cherish
And defend thy golden name.
To each heart thy noble story
And thy calm and stately grace
Herald thine immortal glory
Armstrong, hail! all hail to thee!

Alma Mater, these before us
Left thine honor great and strong;
We who follow take their banner
Raise it with a fighting song.
Consecrated is thy teaching

Sacred is thy marble height
Glorious thy spirit reaching
Ever upward to the light.

PEP SONG

Watch out, foes, cause we're on
our way
Cheering Armstrong onward to-
day;
Win or lose, good sports we will be
Gaining glory for dear old A. J. C.
So, hats off, all in rev'rence to her
Give three cheers, hooray, (rah!
rah! rah!)

See her banners flying above her
We can't express it, but oh, gee,
how we love her
So, fight! fight! is our song
Onward, Old Armstrong.

CLUBS

First row (left to right) Marjorie Chapman, sect.; Janet Spillane, V-Pres.; Henrietta Kicklighter, Pres.; Catherine Bliss, Treas.

Second row—Catherine Heyman, Mrs. Ruben Holland, advisor, Marguerite Smith, Joy McGinn.

Delta Chi

Delta Chi entertained October 13, 1945 with a tea in the Chat-ham Room of the Hotel De Soto.

The decorations were of yellow Chrysanthemums, Purple Dahlias, and palms banked the room. The centerpiece on the main punch table was small yellow Chrysanthemums with four yellow candles on each side.

Those in the receiving line were Henrietta Kicklighter, Pres.; Janet Spillane, Vice Pres.; Catherine Bliss, Sec.; Marjorie Chapman, Treas.

The alumnae serving were Marguerite Smith, Joy McGinn, Katherine Heyman, and Pauline Jones.

Mrs. Ruben W. Holland presided at the punch table.

The Delta Chi sandwiches attracted much attention. They were diamond shape with the center of grape jelly and yellow cream cheese forming the border and making the Greek letters.

Alpha Tau Beta

The officers of Alpha Tau Beta are Jane Middlebrooks, Pres.; Mary Ann Barnes, Vice Pres.; Francis Haile, Sec.; Mary Gilchrist, Treas.; and Angela Ryan, Publicity.

The members are Margaret Claghorn, Monique Davis, Sara Fawcett, Delores Gross, Delores Parrot, and Mary Lilla Palin.

A tea is planned for October 27, 1945 from 4 to 6 to be held at the home of Mary Ann Barnes, 16 East 59th St. The Alumnae will help serve and Mrs. Frank S. Cheatham will preside at the punch bowl. The sorority's colors will be carried out in decorating.

A houseparty is planned for later in the year, and will be given for the new pledges.

The Radio Club

The Radio Club which meets every Monday night is under the leadership of Miss Mary Hinley; Miss Hinley is a graduate of Armstrong Jr. College and Baylor University in Waco, Texas where she majored in speech and radio. Miss Hinley is employed at WTOG.

The Radio Club opened its activities this year with a radio program Friday, October 19, at 7:15. This broadcast was a round table discussion about the social life and academics of Armstrong. Donald Austin was the chairman, the participants were Leolene Gaudry, Cecil Harris, and Barbara Gay.

"Two Boys Meet Girl" will be presented at Assembly shortly. The cast for "Two Boys Meet

Girl" is George Moore, Ruth Mullis and Donald Austin.

The Radio Club is both an educational and a social club. One of the aims is to give the members a knowledge of radio. Actual experience will be gained through broadcasts.

HOME ECONOMICS CLUB

The Home Economics club is an organization for girls interested in any field of Home Economics and is one of the most important recognized clubs of the college. A great deal depends upon the functions of our club in the social functions of Armstrong as far as refreshments are concerned. It serves many of the speakers on the Institute of Citizenship, has charge of the reception for Homecoming, and is in charge of any other social affair the college sees fit to have. Any girl interested in Home Ec is eligible to become a member. Remember—if a girl is an active member of the club and is mentioned by the club advisor and approved by the faculty and the President, she received a major honor toward a silver A. Of course, one receives some points toward a minor honor for being a member of the club for just one quarter.

The Home Ec club (now called Beta Lambda) has been organized and is well under way in the projects planned for the coming year. The first official meeting was held Tuesday night (October 9th) at 7:30 at the home of the President, Mary Crawford. A large number of students were present and the meeting was very successful. Officers for the present year were elected:

President: Mary Crawford.
Vice-President: Betty Forman.
Secretary: Gwen Dupree.
Treasurer: Sue Cox.

Two projects have already been discussed. One is the "Share Our Christmas" plan to send war refugees Christmas boxes in liberated Europe. The whole school has been invited to participate. The other project, which is to tell stories in the afternoon to children at the Big Sisters Home, will be started shortly. Many plans for school benefits and social work are still to be formulated.

We still need more members—come on girls—let's join! We do plenty of work, but we have lots of fun!

"What you need is an electric bath."

"No, thanks, Doc. I had an uncle drown that way up at Sing Sing."

—Theo Rose

Armstrong in Arms

Since the beginning of the war in 1941 many boys have left to join the armed forces. Among these were many Armstrong students who had left before finishing school. A few have now returned to continue their education, and these are:

Richard A. Young, who is a first Lieutenant in the Air Corps, has served in the E. T. O., received the Distinguished Flying Cross, Purple Heart, Air Medal and six Oak Leaf Clusters and Joe Schwitz who was a Private in the Infantry has served in Germany and received the Combat Infantryman's Badge.

A number of the new students this year have also served in the armed forces—among these are:

William Sturges who is a T-Sergeant in the Air Corps has been in the service for thirty months. He fought in the E. T. O. and received the Air Medal, two Unit Citations and eight Battle Stars. Winwood Boykin who was a Private in the Medical Corps and served for six months.

Jack Curran who was a Private in the Signal Corps and served for

fourteen months.

George Doerner who was a Sergeant in the Air Corps served in the E. T. O. and received the Air Medal, Unit Citation and Four Oak Leaf Clusters.

William Hagen who was a Sergeant in the Air Corps received the Air Medal.

John McGinty served in the Merchant Marine and fought on the Pacific and Atlantic for three and one-half years.

Thomas Mooney served in the Navy, William Garard in the Anti-Aircraft Artillery. Eugene Hargrett was also in the service.

Some former students have received discharges and have returned to civilian life. These boys are now attending other schools or living in Savannah. This group includes: James A. Davenport, Howard C. Jewett, William Loyd, David Middleton, Eugene Carlton Powell, Henry S. Ray, Jr., Sigvart Robertson, Edward W. Bercegeay, Alfred Conway, Harry Anestas, Alvie Smith, Thomas F. Walsh, Jr., Robert C. McLaughlin and Allen Douglas.

DANCE COMMITTEE

The Dance Committee under the leadership of Henrietta Kicklighter and George Moore, is in full swing, working hard to make the first dance of the year a great success.

The publicity committee has been giving their full support ever since the date was set. Notices, posters and other publicity have been distributed and there are hopes they'll help make the dance a success. Those working on this committee are: Muriel Mendel, Emily, Buckner, Monique Davis, and Bill Sturges.

The refreshment committee have some swell ideas as to the eats. All members of the committee are going to help with the decorations. From all accounts the auditorium will look super.

The tickets have been on sale for quite some time now and every one probably already has his, but to those who haven't, it can only be said—"You'll be sorry!" These season tickets are a new idea at A. J. C. Before, everyone contributed a little toward each dance,

but with these tickets, the committee hopes to do away with this other unpleasant task. These tickets, which are priced at \$1.50 (a very reasonable price), entitle the owner to all A. J. C. dances formal or informal.

The dance committee is really working to make this first dance a success and they sincerely hope everyone will come and have a good time.

ASSEMBLIES

At the first assembly of this year, the entire student body gathered together to meet the faculty. The sophomores met the new members of our faculty and the freshmen made the acquaintance of both old and new members. And now that everyone knows everyone it ought to be lots of fun.

Sgt. Campbell showed the student body at our second assembly that he's not only an English teacher, but a "great conductor." The student body got together for a singing assembly and announcements.

Miss Chapman, President of the Sophomore Class, read the proclamations of duties of a freshman to the rats and impressed upon them that to disobey was going to prove to be a living death. And after a few other announcements, Sgt. Campbell took the floor and the show began. Muriel Mendel played the accompaniment.

Sgt. Campbell hopes to have many more such assemblies as everyone else does. It really proved to be quite enjoyable.
